# EVENTS & MEETINGS EXPERIENCES

GROUPS

# Some of the most magical moments in the Napa Valley are when friends open up their hearts and homes to share wine in a relaxed and welcoming setting.

That's exactly the experience we like to provide when you visit us. Imagine walking into a Tuscan-style stone building in the heart of the charming town of Yountville, within walking distance of the celebrated French Laundry and other Michelin-starred restaurants.

It's intimate and inviting, with a warm and beautifully appointed living room, dining room and library. There's no tasting bar, no rush, no standing on your feet. You're in the private home of a small family winery, and you're greeted by a friendly, knowledgeable host, who invites you to make yourself comfortable and settle in for a relaxed experience. Now imagine this: Just about everything you're admiring all around you – from the art and decorative accents to the furniture and floor coverings, from the serving trays to the crystal wine goblets – has been curated in association with Ralph Lauren Home.

#### **Custom Menus**

Our Loft Experience, which can accommodate up to 20 guests, is like not other. Understated yet elegant, rustic yet dynamic. Whether it's morning breakfast from Bouchon Bakery or a casual 'picnic' style lunch or a more tailored menu that highlights seasonal elements, personal preferences, uncommon ingredients and seasonal presentation, we would be thrilled to customize a menu that represents your ideal experience.

#### Service Charge & Tax/Pricing

A 20% service charge and 8.0% state sales tax will be applied to all food and beverage and other services as indicated on your final Banquet Event Order.

#### Welcome to the Silver Trident Winery Tasting Home.

A whole new approach that pairs great wines, great food and world-class home décor.
